

Bethlehem, and the Palestinians living within have been largely impacted by Israel's occupation. Every day that passes, the Palestinians are confronted by a settler-colonial project much more powerful than them.

The struggle of Bethlehem is not one that is unique to them. It is a struggle shared amongst the Palestinians, one that unites them in the fight for their home.

Checkpoints

These checkpoints are made to control the movement of people and in particular, the Palestinian people around the city of Bethlehem.

Illegal Israeli settlements

These illegal settlements built on Palestinian ground by Israel are violations of international law and are used to further encroach on Palestinian territory.

Israeli West Bank barriers

The wall/barrier started of being built in 2006 and is being used to choke the city of Bethlehem and many more cities on Palestinian territory on the west bank.

Main roads

These are the main roads being used in and around Bethlehem, where, because of the many checkpoints and walls it has become hard to travel even from one side of the city to the other.

Palestinian city bounds

The bounds of the city where the Palestinians live.
